

ProlineQC[®]

Reverse Osmosis
Drinking Water System

The Next Evolution in Reverse Osmosis Systems

Innovative compact space-saving design. 400 GPD RO System. Easy filter cartridge replacement. Clear digital display to monitor cartridge life & systems efficiency. Quick Connect back ports for no-hassle installations.

Tankless Innovation

Integrated Manifold Design

Unique Filter Cartridges

Less Waste Water

Ultra Compact Design

Pure and Healthy Water for Drinking,
Cooking, Ice Making, Coffee & Tea, Food
Processing, Pets & Plants.

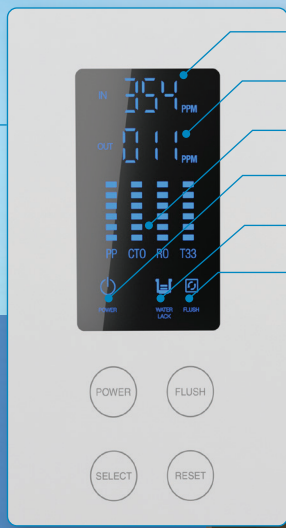

Perfect for Homes, Offices, Schools,
Restaurants & Laboratories.
For Everyday Life!

Proline QC[®]

Reverse Osmosis Drinking Water System

- PP – Spun Sediment Filter
- CTO – Carbon Block Filter (Option Catalytic Carbon Cartridge)
- RO – Reverse Osmosis Membrane
- T-33 – Activated Post Carbon Filter (Option mixed with Alkaline Cartridge)

- Inlet TDS
- Outlet TDS
- Cartridge Life
- Power
- Water Shortage Alarm
- Cartridges Flushing

- Power
- Drain Outlet
- Pure
- Water Inlet

Features

- Innovative compact space-saving design.
- Easy filter cartridge replacement
- Clear digital display to monitor cartridge life & systems efficiency
- System flushing, extends the life of the filter cartridges
- Quick Connect back ports for no-hassle installations
- 400 GPD High Rejection TFC Membrane
- Color Coded Tubing for Easier Installation
- Complete Installation Kit and Instruction Manual
- Leak Detector water Shut-Off valve included
- 1 Year Limited Warranty
